#### TRIALS AND TRIBULATIONS OF THE NEWSPAPERS.

Troubles do not come singly, even in the newspaper business, in which many persons think is always a bed of roses. Several weeks ago the Kentuckian-Citizen's newspaper press was put out of commission by an accident. Since then the paper has been printed on THE NEWS machine. Last Friday THE NEWS linotype was put out of commission by an accident. Since then the type for Tuesday's and today's issue has been set on The Kentuckian-Citizen machine. It is hoped this state of affairs will soon be remedied, and both offices resume the even tenor of their ways.

According to information received Wednesday it seems almost a certainty that the projected national highway from Paris to Paintsville via Mt. The road is a part of the new National road building program and will enter Kentucky by way of Covington through Falmouth, Berry and Cynthiana, to Paris, from where it will be continued to the mountain section through the towns named. The completion of this highway will be of great commercial value to Paris, now that the era of automobiles and motor trucks is in full swing.
